

Issue Notes
Protecting Human Rights in Complex Emergencies
(American Red Cross, Washington, DC)
May 14, 1998

Issues Note III: In advance of the May 14, 1998 session, various chapters of the research were circulated in draft among participants. This material then formed the basis for the discussion. The chapters, revised to incorporate comments received, were subsequently printed in Occasional Paper 35, *Protecting Human Rights: The Challenge to Humanitarian Organizations* (available elsewhere on the web site).
